Identifying Educational Challenges

105 Years of Change

Identifying Education Challenges

- **Economics of Education**
 - Caution – Expensive Programming
 - Beware – Shiny Objects
 - Danger – Low Prices
- **Student Learning and Engagement**
 - Don't get caught with How
 - Instructional delivery methods
- **Increasing Rates of Obsolescence**
 - Programming
 - Technology
 - Faculty

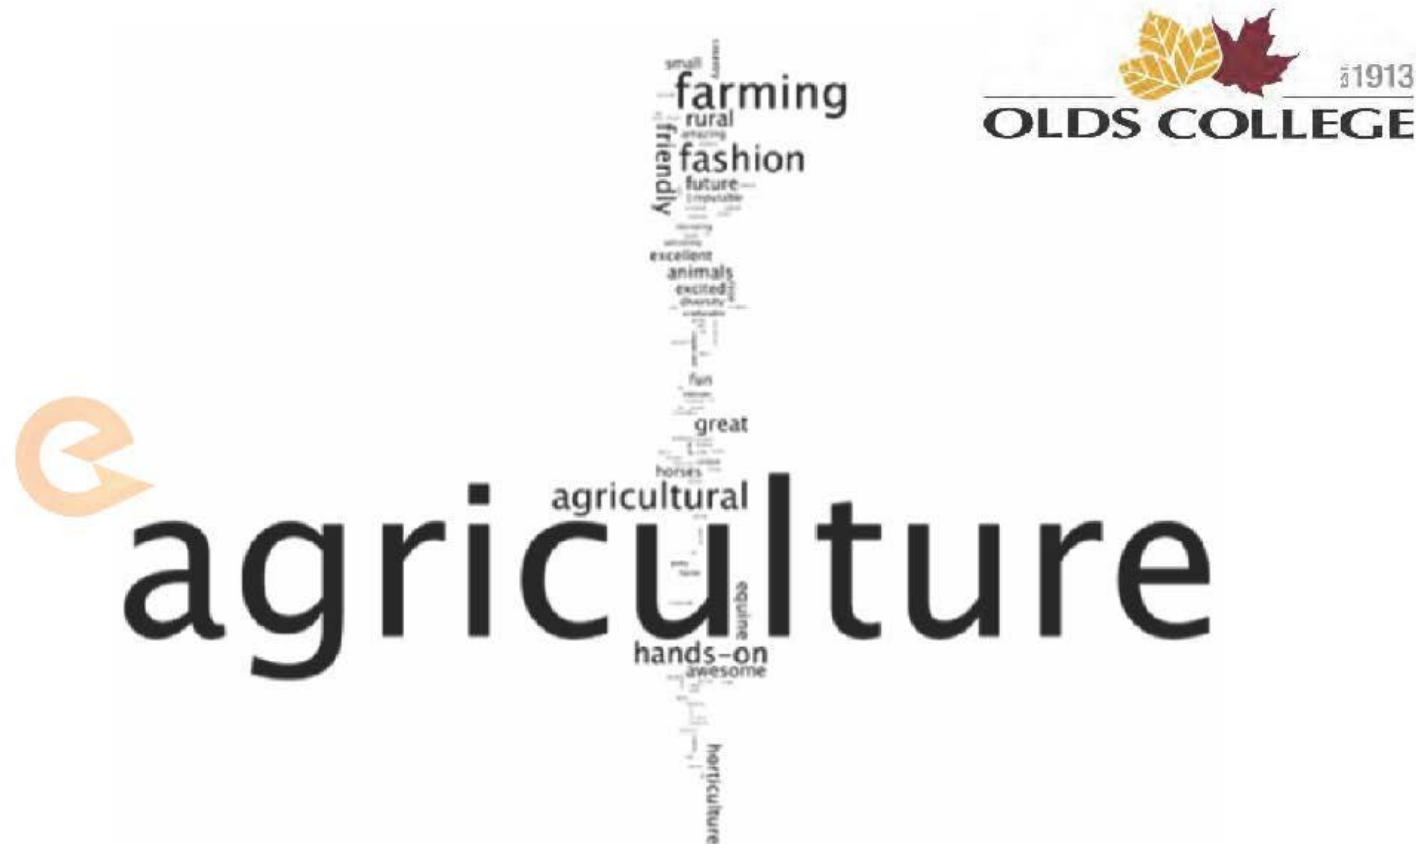

Caution – Expensive Programming

Beware – Shiny Objects

Danger – Low Prices

Academica Group 2010 UCAS™

Online survey July 2010, of 336 Olds College applicants

Don't get caught with "How"

Instructional Delivery Method

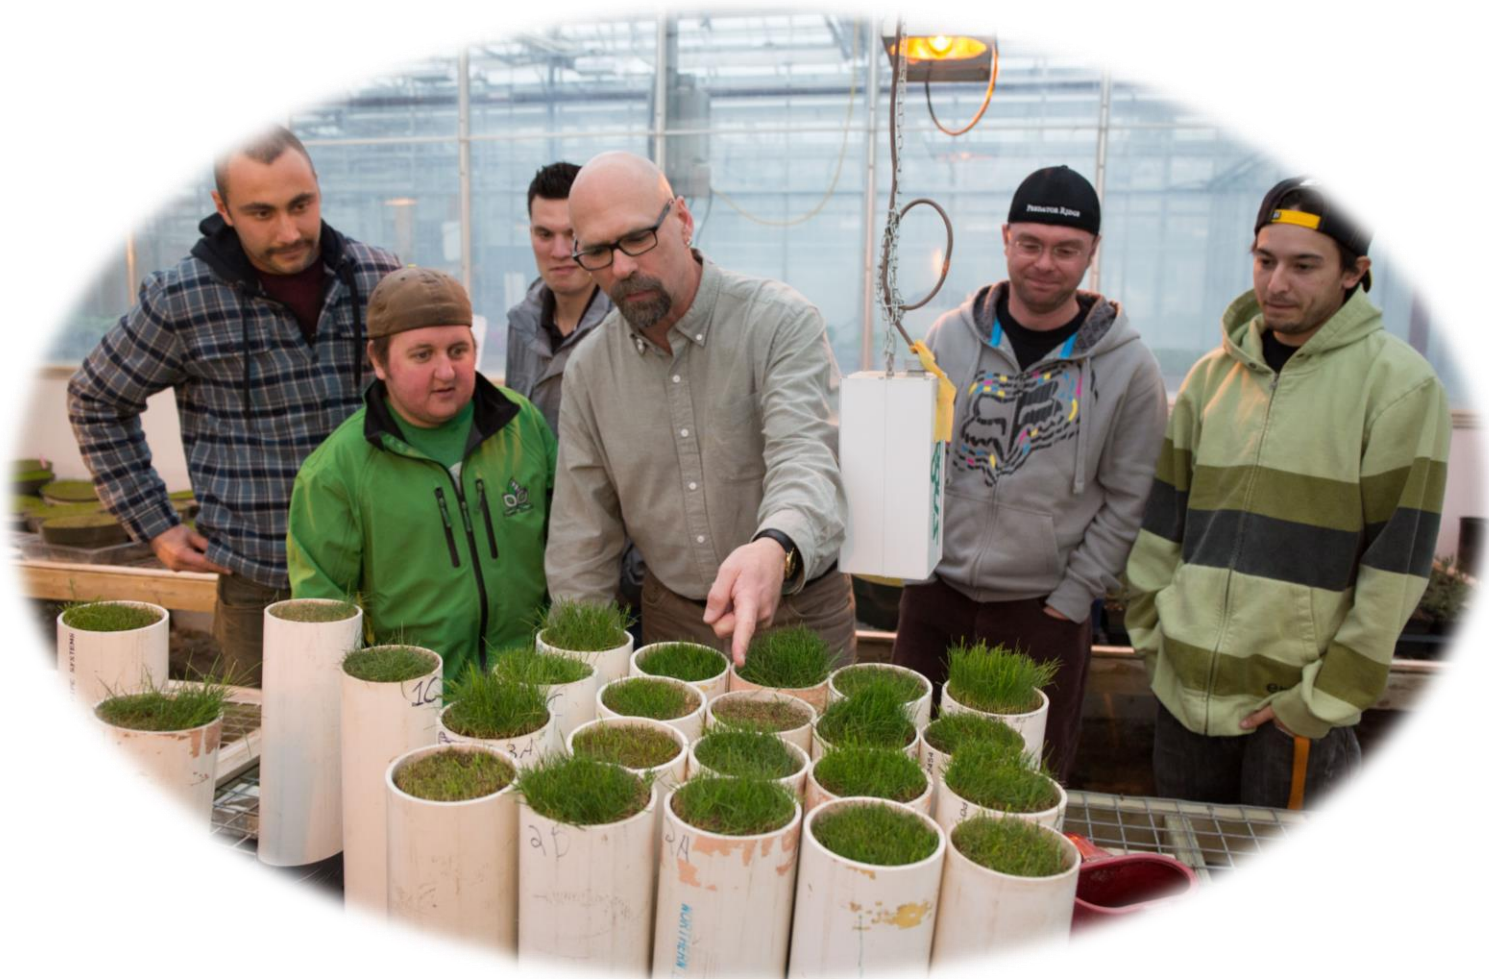

Programming

Technology

Faculty

Learnings – Education Economics

- Profits – Learning Enterprises
- Partners – Mutual Benefits
- Persistence – Know who you are

Learnings – Student Learning and Engagement

- Shelf life of How is short – Why is Timeless
- Inquiry Based Learning
- Relevance – Keeping it Real

Learnings - Obsolescence's

- Don't work in isolation
- Create learning opportunities for students
- Create a safe space for innovation

Thank you!
