

Rajasekaran Lada, PhD

Rajasekaran Lada was elected to the AIC Board of Directors in 2016.

Rajasekaran is a Professor and Chair of the Department of Environmental Sciences and Founding Director of the Christmas Tree Research Centre at Dalhousie University.

His research is focused on seed, plant, tree, stress and ecophysiology of various horticultural ecosystems. His research has helped provide new knowledge and innovative solutions and technologies to edible horticultural industry, Christmas tree industry, maple industry and controlled environment production systems, regionally, nationally and globally through multidisciplinary collaborative research teams.

Rajasekaran's academic achievements include:

- MSc, Agriculture (Horticulture) from the Tamil Nadu Agricultural University, Coimbatore, India
- PhD from the University of Adelaide, South Australia
- PDF at the University of Toronto

In addition to his research, Rajasekaran has served as the Scientific Advisor, Agricultural Green Technologies for the Republic of South Korea and an Advisor to the Deputy Prime Minister for the Royal Government of Cambodia.
