

## **Jeff Coles**

**Jeff Coles** is a partner in Gowling WLG's Calgary office and a registered Canadian patent and trademark agent, as well as a registered United States patent agent. He is a lawyer who holds an advanced degree in biochemistry & molecular biology.

Jeff specializes in intellectual property matters involving innovation-intensive industries such as cannabis, agrotechnology, cleantech, life sciences, oil and gas, environmental technologies and energy. His practice involves patent drafting & prosecution, trademark prosecution, patent litigation and industrial designs, including providing business-focused strategic advice on intellectual property (IP) portfolio and risk management, including in the context of commercialization and IP transactions.

Jeff is Secretary of the Intellectual Property Committee of Seeds Canada, and is involved with several industry groups in the Canadian agriculture space.
